

Driver's Ed. Module

BBT

Lesson 2:

Chapter 1: Licensing

1. On page 1 of the **NB Driver's Handbook**, there are two requirements if you are going to drive. One has to do with your driver's license and the other has to do with alcohol. What are they?

2. What 4 categories of vehicles does a **Class 5 license** allow you to drive?

3. A "Graduated License" is a class _____ license.
4. What is the consequence of having a blood-alcohol reading above 0% for a **Graduated License Holder**?

5. If your license is suspended for losing all your points, what is the consequence?

6. If you are under the age of _____, you need your parent's consent to apply for a **Graduated License**.

7. When you practice your driving under **Level 1** of the **Graduated License program** (that means when you are practicing as part of your permit), what is the criteria for the person that is driving with you? (3 things)

8. When can't you drive **Level 1** of the **Graduated License program**?

9. What driving time restrictions are there when you are in **Level 2** of the **Graduated license Program**?

10. How many passengers can you have in the vehicle with a Level 2 Graduated license? _____ **passengers**

11. On page 17 of the **Driver's Handbook**, it reads, the Driver Examiner...
"stresses the importance of your _____ as a determining factor in _____ driving."

12. On what date does your driver's license expire? _____

13. If your address changes, you have ____ days to notify the **Motor Vehicle Branch**.

14. There are 5 reasons for the **Registrar of Motor Vehicles** to suspend your driver's license. What are they?

15. A "Newly Licensed Driver" is anyone who has had a license for less than ____ years.

16. How many points do you start with when you get your license?

17. Every year you get ____ more points until you have ____ points.

18. When you lose all 10 points, you are automatically _____.

It is important for you to know that some offenses fall under the **Motor Vehicle Act** and other offenses fall under the **Criminal Code of Canada**.

19. How long is your suspension from driving if you lose all your points?

20. If you are suspended due to a **Criminal Code offense** (other than Drinking and Driving), how long is your suspension if it's the first time? _____

21. What is the suspension for your first Alcohol Related offense?

22. If you are in an accident when someone is hurt or there is damage of \$1000 or more, you must be able to show you _____.

23. How many point will you lose for each of the following offences:

a. Going through a stop sign: _____

b. Driving more than 25km/hr over the speed limit: _____

c. Failure to report an accident: _____

d. For a parking ticket: _____

e. For not wearing a seat belt when driving _____

f. Not paying attention when driving _____

Lesson 3: Tires

1. What is the difference between summer (All Season) and winter (Snow) tires?

2. How many months of the year is it beneficial to have winter (Snow) tires on your vehicle? _____ months

3. My 2010 Grand Caravan requires P225/65R16 tires. What do each of those numbers mean.

P _____

225 _____

65 _____

R _____

16 _____

4. Find the cost of tires including tax and installation. This truck has 275/60/20 tires.

5. Find the cost of tires including tax and installation. My Grand Caravan has P225/65R16 tires.

Lesson 4: Driver's Handbook

Chapter 2: Registration of Vehicles

1. You must have a Certificate of Registration to operate a motor vehicle, trailer, or semi-trailer in N.B. Where do you obtain a Certificate of Registration?

2. Where must the Certificate of Registration be kept?

3. If you buy a vehicle, the previous owner has to sign the registration certificate but you cannot drive the vehicle until... _____

4. Passenger vehicle registrations expire at various times but All Terrain Vehicle registrations always expire on _____.
5. Your vehicle registration can be cancelled for 2 reasons. What are they?

Lesson 5: Vehicle Inspection

1. Using the tire tread sample and show the instructor the tire tread notches.
2. Use the tire tread gauge to measure the depth of the tire tread sample. What is the depth? _____
3. Find the tire tread sample and indicate the proper tire pressure for that tire. _____ psi (pounds per square inch)
4. Besides on the tire, where can you find the proper tire size and pressure on a vehicle? _____
5. What type of irregular wear due you see on a tire that has an **alignment problem**? _____
6. What type of irregular wear due you see on a tire that is **over inflated**?

7. What type of irregular wear due you see on a tire that is **under inflated**?

8. What type of irregular wear due you see on a tire that has a **failed struck or shock (suspension component)**? _____
9. How often should tires be rotated to prevent irregular wear? _____ km

Vehicle Checklist:

	Front Driver Side	Front Passenger Side	Rear Driver Side	Rear Passenger Side
Tread Depth				
Tread Wear				
Air Pressure				
Oil Level				
Windshield Washer				
Windshield Wipers				
Recommended Tire Pressure				
List of Recommendation	1. 2. 3. 4. 5.			

Lesson 6: Driver's Handbook

Chapter 3: Equipment

1. How often do you have to have your vehicle inspected (to make sure that it is safe to operate)? _____
2. If your vehicle doesn't pass the inspection. How long do you have to get the repairs completed? _____
3. Can you operate the vehicle during the 14 days after the vehicle failed the inspection? _____
4. In order to operate a vehicle, it must have _____ headlights displaying white light.
5. Headlights on a motor vehicle (except a motorcycle) must be attached so they are no longer than _____ and no higher than _____ from the ground.
6. You must dim your high beams when an oncoming vehicle is _____ meters or feet away.
7. When following a motor vehicle, you dim your lights within _____ meters or feet.
8. What color are "tail lights" and how many do you have to have?
9. A tail light must be visible for _____ meters or feet.
10. A license plate light must be visible from _____ meters / feet.
11. Stop lights are _____ in color and must be visible from _____ meters / feet away.
12. Whenever a vehicle is parked on a roadway and there is not sufficient light to see a person or vehicle 150 meters (500 feet) away, a _____ light must be turned on.
13. My friend wants to hang dice from the rear view mirror. He says he can, I say he can't. Tell me which is correct and prove it by indicating the section number and title.
14. Studded tires must be removed by _____ and be installed any time after _____.

15. If your vehicle is disabled on a highway at night, you must put a portable reflector _____ meters to the rear of the vehicle.

Lesson 7: Road Signs

What was the score on your road signs test? _____

Lesson 8: Driver's Handbook Chapter 4: Rules of the Road

1. When involved in a collision, you must stop at the scene and give your name, address, _____, and _____ to the other driver.
2. Where an emergency vehicle (Police, Ambulance, or Fire Truck) is coming towards you in the other lane, or coming behind you in your lane, what must you do?
3. If your collision causes injury or damage of \$1000 or more you must report the accident immediately to _____.
4. If you don't see a speed sign posted, you can assume that the speed limit on an urban street is _____ km/hr.
5. If you don't see a speed sign posted, you can assume that the speed limit on a rural street is _____ km/hr.
6. When a school bus is stopped to discharge passengers, you must stop _____ meter / feet away from the bus and wait for the passengers to disembark.
7. Fines in a school zone are _____ normal fines.
8. What color lines divide lanes of traffic moving in the same direction?

9. What color lines divide lanes of traffic moving in the opposite direction?

10. When the yellow line is solid on the other side and a broken line closest to your side, are you allowed to pass? _____
11. All mirrors have “blind spots”. Before turning into another lane, check the mirror and then _____ in case another vehicle is in the “blind spot”.
12. You must signal _____ meters / feet before turning.
13. When two vehicles enter an uncontrolled intersection (3 or 4 way stop signs) at about the same time, who has the right to proceed first?

14. Section 4.20 indicates that if your vehicle is going to be left unattended on a highway (a road with no curb), then you must point your front wheels _____ the side of the highway/ditch and set the _____.
15. If you are leaving your vehicle unattended on a highway (road with no curb) at night, what lights must you leave on?
16. If you park **uphill** on a road with a curb, the wheel have to be pointed _____.
17. If you park **downhill** on a road with a curb, the wheel have to be pointed _____.
18. When Parallel Parking you have to be within _____ cm / inches of the curb.
19. You cannot stop in the roadway to take in or let off passengers. What must you do instead. _____
20. You can't have more passengers than seat belts in the vehicle. **True or False**

Lesson 9: Driving Hazards

1. Who is the main character pretending to be? _____
2. Cell phones impair your driving similar to _____.
3. What is significant about 2 second distractions? _____

4. If you have 2 second distractions enough, sooner or later, one will be at a critical moment. Is this just bad luck? Explain your thinking.

5. How can being sleepy be considered a distraction?

6. What are 5 recommendations to prevent distractions at the end of the video?

Lesson 10: Driver's Handbook

Unit 5: Safe Driving

1. The number of passengers in your vehicle are limited to the number of operating _____.
2. It is the driver's responsibility to make sure that every ____ years and younger has their seat belt on.
3. Children have to be buckled into a proper car safety seat until they reach ____ years of age, weigh ____, or a height of _____.
4. The law prohibits the use of handheld electronic devices while driving. Give three examples of different types of electronic devices that they are referring to. _____
5. What is one of the greatest causes of crashes as indicated on p. 69?
6. If you are paying attention, your reaction time might be as good as $\frac{3}{4}$ of a second. If you are going just 50km//hr, how far will your car go before it even starts to stop? _____
7. You should keep your hands on the steering wheel at the ____ and ____ position when you drive.
8. A method of creating a safe distance behind another vehicle is called the _____.
9. Another way of leaving a safe distance between you and the car in front is to leave one car length for every ____ of speed.
10. Defensive driving means driving in anticipation of possible collision situations and being prepared to _____.
11. In this defensive driving situation... if you see a deer crossing the road in front of you, you would anticipate that _____.
12. A crash at 60 km/h is similar to a car falling from a ____ storey building.
13. A pedestrian walking with a white cane mean that they cannot _____.
14. A standard serving of beer, spirits (hard liquor), and wine contain the same amount of _____.

15. The only acceptable blood alcohol level for N.B. drivers under age 21 is _____.
16. On page 82 of the Driver's Handbook, it says to stop on a slippery surface, you should _____ the brake pedal unless you have ABS brakes.
17. If you have ABS brakes, you should not _____, but instead, apply steady pressure.
18. Hydroplaning is when your car skis on top of the water. This starts in a passenger vehicle at _____ km/h.
19. At _____ km/h, tires can completely separate from the road.
20. The best thing to do to correct hydroplaning is to _____.
21. When **hydroplaning**, continue to steer but do not _____.
22. The best way to prevent hydroplaning is to have _____.
23. If your tire blows, what should you do? (section 5.13)
- _____
24. If your wheels go off the pavement, what should you do? (section 5.14)
- _____
25. When you see an emergency vehicle using siren and flashing lights, what are the three things you need to do? (section 6.7)
- _____
- _____
- _____

Lesson 11: Rules of the Road

1. Who has the right of way? (Red or blue car) _____

2. What is the rule of thumb in this situation?

3. What is the rule of thumb in this situation?

4. What is the rule of thumb in this situation?

5. Who has the right of way? _____

6. What if two of the vehicles arrive at about the same time?

7. When the vehicle ahead of you proceeds, do you have to stop again at the stop sign? _____

8. What should you do? _____

9. What should you do to make this a safe turn?

Lesson 12: Tire Pressure Monitoring System (Optional)

1. How long does a battery last in a TPMS system? _____

2. Where can you find out the proper tire pressure for your vehicle (there are 3 places that you can find this)

3. When you add air to the tire, how long does it take for the TPMS warning light to go out? _____

4. Having proper tire pressure in your tires is important for 3 reasons. List them.

- _____
5. How much air can be lost before you might be able to visually notice that it is low? _____
 6. Under-inflated tires are dangerous. About how many accidents do they cause each year? _____

Lesson 13: Saving Fuel (Optional)

1. What is a Jack Rabbit Start? _____

2. List 5 things that you can do to improve fuel efficiency.

3. Go on the internet and find the dealer page so you can find the fuel efficiency of the latest model of:
 - a. Dodge RAM 1500 _____ mpg _____ L/100km
 - b. Ford Focus _____ mpg _____ L/100km
 - c. Toyota Prius _____ mpg _____ L/100km
 - d. Ford F-150 _____ mpg _____ L/100km
 - e. Ford Expedition SUV _____ mpg _____ L/100km

Name: _____

BBT Driver's Test

Answer each question so we can see if you are ready to write your permit. You can only get 4 answers wrong!

1. A "Graduated License" is a class ____ license.
a. 4 b. 5 c. 6 d. 7
2. On what date does your driver's license expire?
a. On your birthday c. December 31 (year end)
b. On Canada Day d. None of the Above
3. A "Newly Licensed Driver" is anyone who has had a license for less than ____ years.
a. 12 months c. 4 years
b. 1 year d. 5 years
4. How many points will you lose for going through a stop sign?
a. 1 point c. 3 points
b. 2 points d. 5 points
5. By law, you must have lighting on your vehicle that will render discernible persons and vehicles on the highway at a distance of:
a. 100 meters c. 200 meters
b. 150 meters d. 1000 meters
6. You must dim you high beams when an oncoming vehicle is ____ meters or feet away.
a. 100 meters c. 200 meters
b. 150 meters d. 1000 meters
7. Studded tires must be removed by _____ and be installed any time after _____.
a. May 1, Oct 15 c. March 1, Nov 15
b. May 15, Oct 1 d. Nov 15, March 1

8. If you don't see a speed sign posted, you can assume that the speed limit on an urban street is _____ km/hr.
- a. 40 km/h
 - b. 50 km/hr
 - c. 70 km/hr
 - d. 80 km/hr
9. What color lines divide lanes of traffic moving in the same direction?
- a. Red
 - b. Blue
 - c. Yellow
 - d. White
10. You must signal _____ meters / feet before turning.
- a. 20 meters
 - b. 30 meters
 - c. 50 meters
 - d. 150 meters
11. If you park **uphill** on a road with a curb, the wheels have to be pointed _____ the curb.
- a. It doesn't matter when there is a curb
 - b. Towards the curb
 - c. Away from the curb
 - d. Straight
12. How many passengers can you have in the vehicle with a Level 2 Graduated license?
- a. 1
 - b. 2
 - c. 3
 - d. 4
13. If your name changes (such as when you get married), how long do you have to notify the Motor Vehicle Branch.
- a. 5 days
 - b. 10 days
 - c. 14 days
 - d. 30 days
14. How many points do you start with when you get your license? _____
- a. 1
 - b. 4
 - c. 5
 - d. 10
15. Hydroplaning is when your car skis on top of the water. This starts in a passenger vehicle at _____ km/h.
- a. 55km/hr
 - b. 65km/hr
 - c. 75km/hr
 - d. 85km/hr

16. The only acceptable blood alcohol level for N.B. drivers under age 21 is:
- a. 0.005%
 - b. 0.08%
 - c. 0.2%
 - d. 0.0%
17. How do you know if you are staying far enough away from the vehicle in front of you on a highway?
- a. As long you can see the bottom of his/her tires, you are okay
 - b. Wait until s/he passes a landmark and count 1001, 1002 to see if you are 2 seconds back
 - c. There is no safe distance
 - d. You should be 1 car length back for every 20 km/hr
 - e. Both b and d
 - f. Both a and c
18. When your vehicle is hydroplaning on water, what should you do?
- a. Take your foot off the accelerator
 - b. Keep the same speed
 - c. Accelerate
 - d. Close your eyes
19. When two vehicles enter an uncontrolled intersection (3 or 4 way stop signs) at about the same time, who has the right to proceed first?
- a. You do
 - b. The vehicle on the left
 - c. The vehicle on your right
 - d. Whoever wants to
20. To stop on a slippery surface, you should _____ the brake pedal unless you have ABS brakes.
- a. Hold down
 - b. Release
 - c. Put two feet on
 - d. Pump
